Water Year 2021

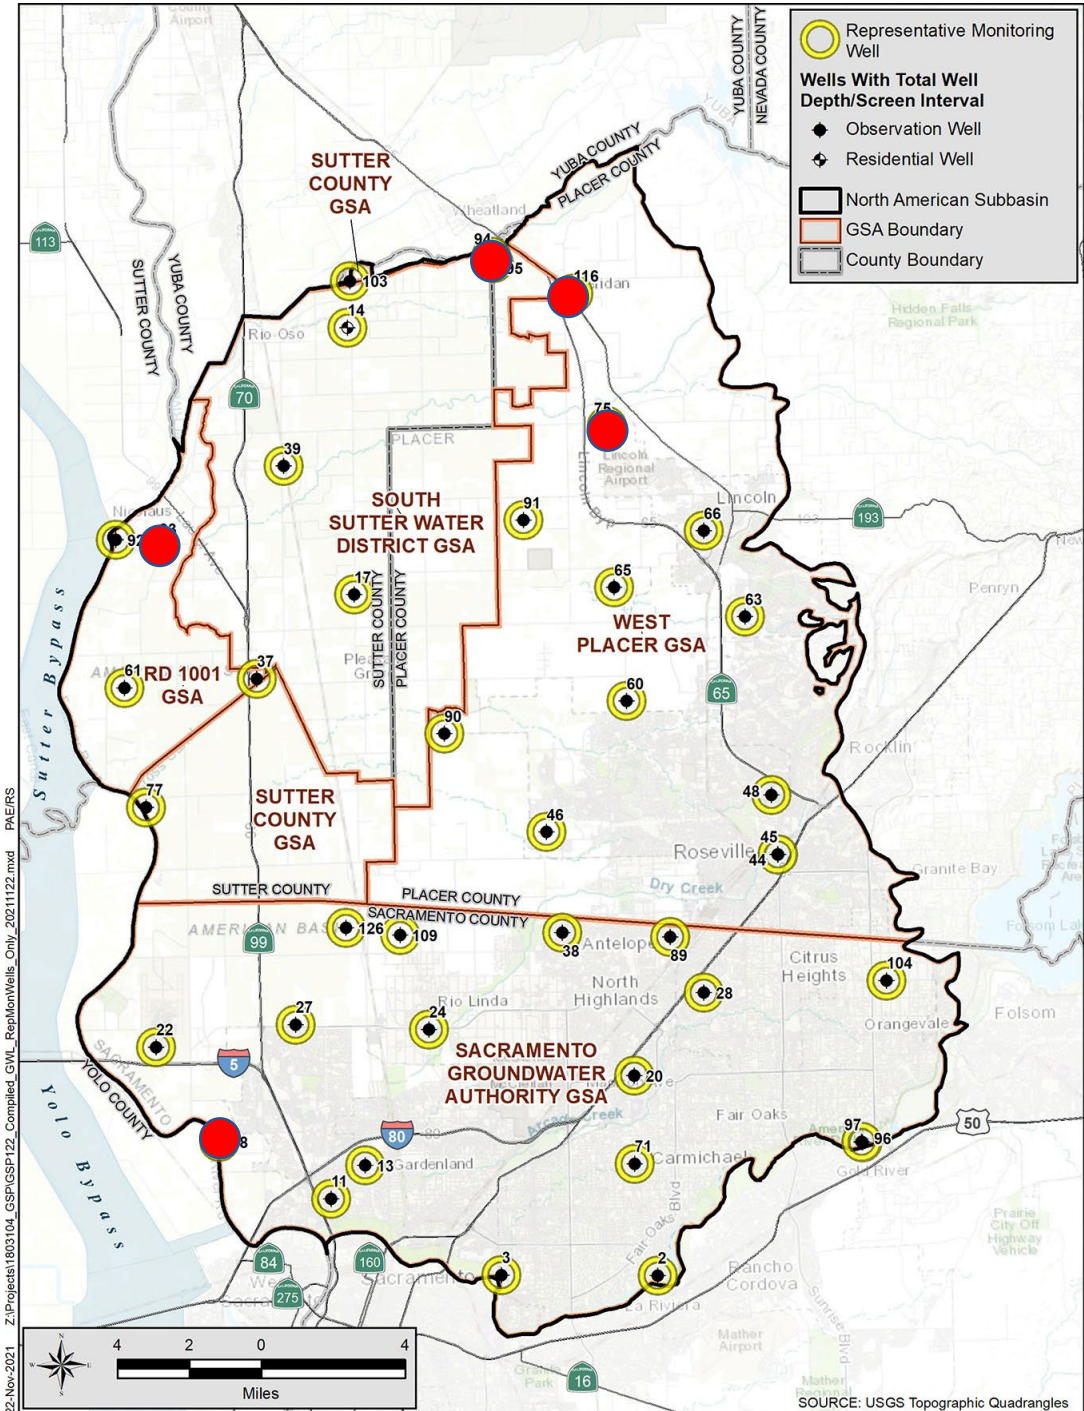

Annual Report for the North American Subbasin

March 2022

Prepared for the North American Subbasin GSAs:

- RD1001
- Sacramento Groundwater Authority
- South Sutter Water District
- Sutter County
- West Placer

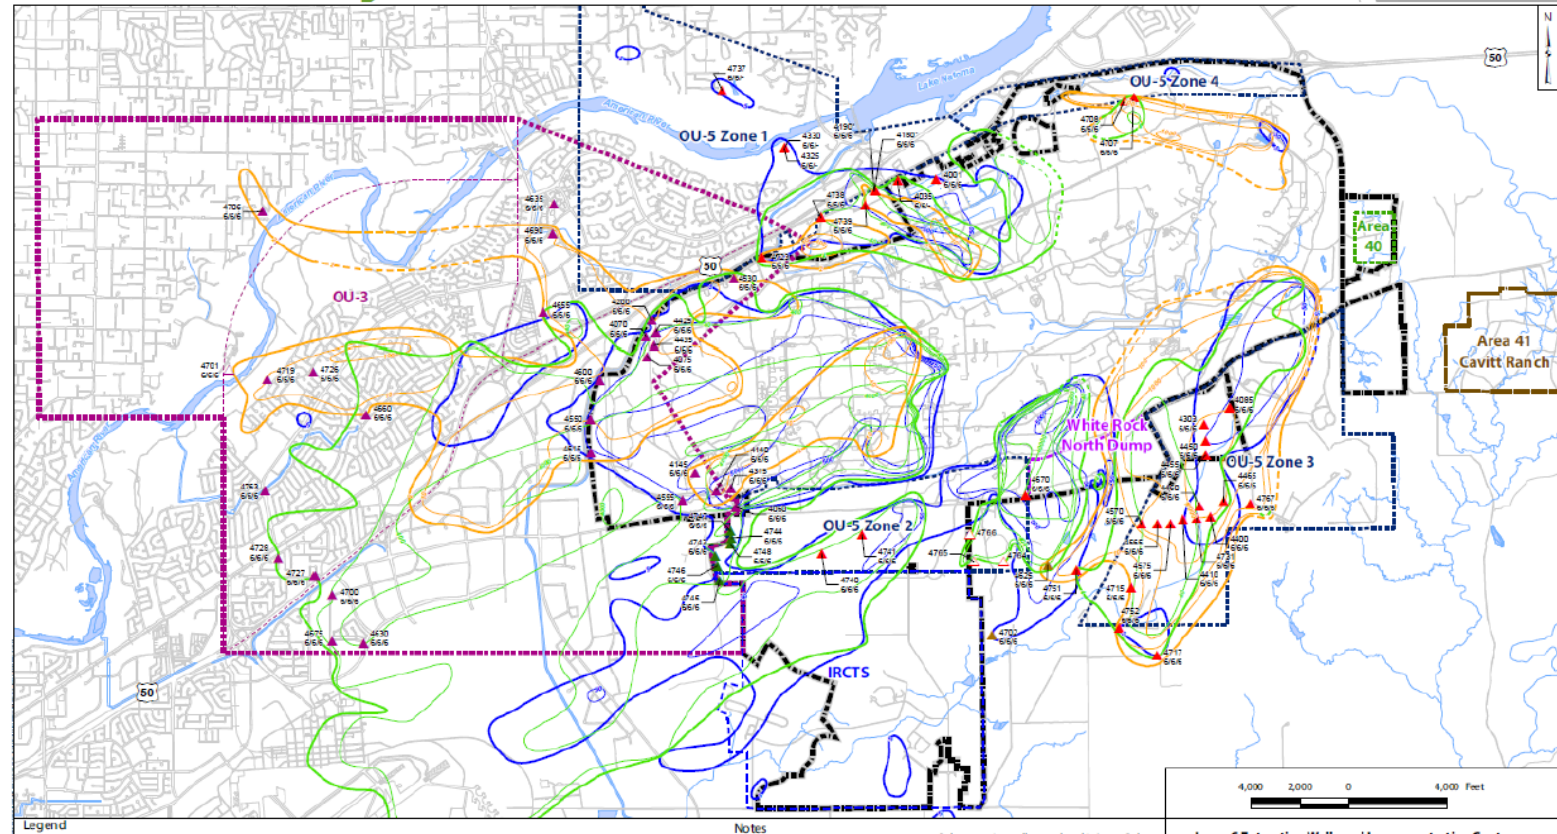

Regional Contamination Issues Committee (RCIC)

- Held Thursday, January 26, 2023
- Approximately 30 in attendance
 - Department of Toxics Substances Control
 - SWRCB – Regional Board & Division of Drinking Water
 - US Airforce
 - SGA member agencies

Agenda Items

- 1) **Introductions/Meeting Purpose** (9:30 – 9:45 AM)
- 2) **Agency and Area Report Out and Discussion**
 - Regulatory Agencies (30 mins, 9:45-10:15 AM)
 - i. Aerojet (9:45 – 10 AM)
 - ii. McClellan (10 – 10:15 AM)
 - Water Agencies (25 mins, 10:15-10:40 AM)
 - i. SSWD (5 mins, 10:15-10:20 AM)
 - ii. City of Sac (5 mins, 10:20-10:25 AM)
 - iii. CWD (5 mins, 10:25-10:30 AM)
 - iv. Sac Co (5 mins, 10:30-10:35 AM)
 - v. Golden State (5 mins, 10:35-10:40 AM)
- 3) **PFA's Overview and Discussion** (15 mins, 10:40-10:55 AM)
 - SWRCB DDW PFA's General Order
 - ITRC - <https://pfas-1.itrcweb.org/>
- 4) **Sustainable Groundwater Management Act (SGMA) – North American Subbasin (NASb) - Groundwater Sustainability Plan (GSP) Water Quality** (15 mins, 10:55-11:10 AM)
 - SWRCB NASb GSP Constituent Letter
 - NASb GSP Water Quality Conditions
- 5) **Final Discussion and Action Items** (20 mins, 11:10-11:30 AM)
 - Next Meeting Look Ahead

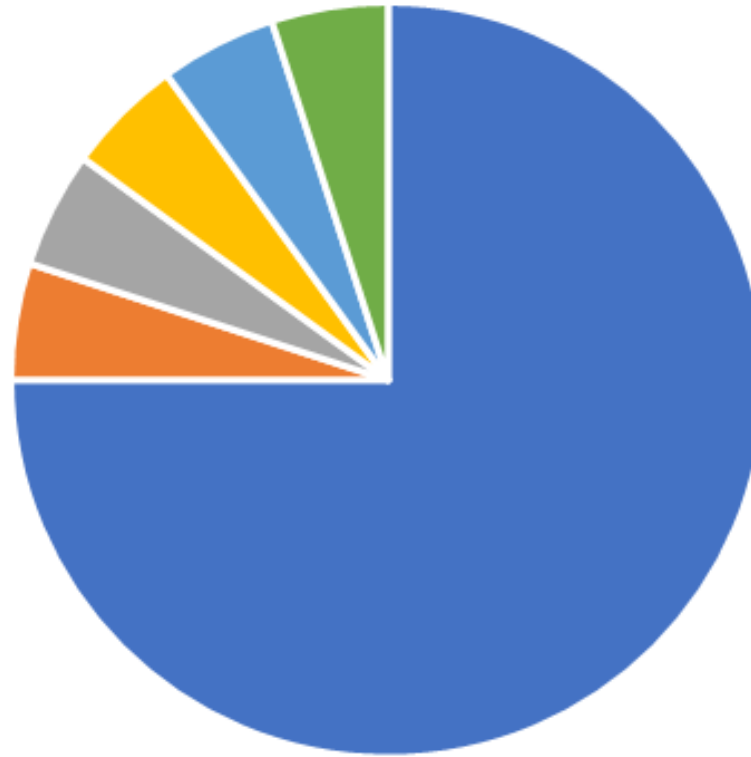

Layer C Groundwater Plumes

SGA 2023 Strategic Priorities

1. **Sustainable Groundwater Management Act (SGMA) Implementation** - Manage and implement activities in compliance with the SGMA within the North American Subbasin (NASb or Subbasin).
2. **Conjunctive Water Management** - Lead and support successful Conjunctive Water Management, as well as assess and respond to impacts on water resources within the SGA area and NASb Subbasin.
3. **Communication and Outreach** - Engage relevant internal and external agencies, organizations with water interests, members of the public, and other beneficial users of groundwater within the NASb Subbasin to promote successful protection and enhancement of the reliability, availability, and quality of groundwater resources.
4. **Federal, State, and Local Agency Engagement** - Engage relevant Federal, State and Local Agencies that influence or manage resources related to support successful management of the NASb Subbasin.
5. **Monitoring and Data Management** - Continuously monitor, collect, track, and analyze water levels, quantity, and quality within the Subbasin to comply with SGMA requirements and support the development and implementation of strategies to safeguard groundwater within the NASb Subbasin.
6. **Administrative and Management Services** - Maintain funding solvency through thorough administrative and project management services.

SGA 2023 Strategic Priorities

■ SGMA

■ Communication and Outreach

■ Monitoring and Data Management

■ Conjunctive Water Management

■ Federal, State, and Local Agency Engagement

■ Administrative and Management Services
